

MARS CDC Georgia Housing Initiative Interest Form

MARS Community Development Corporation (MARS CDC) is gathering interest from residents, community organizations, housing partners, local agencies, developers, contractors, service providers, lenders, faith-based organizations, businesses, and other stakeholders interested in supporting the **MARS CDC Georgia Housing Initiative**.

The Georgia Housing Initiative is designed to support housing-centered community development by helping expand access to safe, stable, affordable, and quality housing. This initiative focuses on housing support, neighborhood revitalization, resident education, homeownership pathways, resource connection, and partnerships that strengthen families and communities throughout Georgia.

Please complete the interest form below so MARS CDC can learn more about your organization, services, housing needs, partnership interests, and potential opportunities to collaborate.
